

## December One-Day Clubs

Monday through Thursday before Winter Break

**\*\*As a reminder, regular Fall Clubs end on Friday, December 14\*\***

### Bird Feeders

Instructor: Doña Laurie Householder

Levels: All Ages

When: Monday, December 17; 3:15-4:30pm

Cost for Club: \$30

Min. 4, Max. 14

In this “make-n-take” club, students will “make” as many bird feeders as we have time for and give as gifts or hang up in the backyard at home. We will fill them with bird seed, honey and suet (that we make!) to attract feathered friends to any backyard!

Bonus: Make a birding book and take home a full-color bird chart to identify the birds you are likely to see at your feeders. Includes all materials and a snack. Doña Laurie is your ornithologist for this club.

### Winter Stuffed Animal Workshop

Instructor: Colleen O'Neill

Levels: All Ages

When: Tuesday, December 18; 3:15-4:45pm

Cost for Club: \$35

Min. 5, Max. 12

Ms. Colleen will guide you as you bring your very own plush pal to life. Choose from the adorable Moose, Snow Leopard, Seal, or the Gingerbread Dog. You will then hand-stuff them and make a wish on a rainbow star before tucking the star safely inside your new friend. You will also name your animal and complete a birth certificate. A special tote is also provided. We will also read a story and have a snack!
